

Xpress Program

SUPERIOR SERVICE

When you really need it now. Because your timeline = our timing, our innovative delivery program ensures that you get the carpet and hard surface products you need quickly and reliably. With Carpet available to ship within only 10 business days and Hard Surfaces available to ship within 5 business days, Mannington Commercial's Xpress program leads the industry in service.

STUNNING SELECTION

It's all about having the appropriate product for the application. Mannington Commercial makes it easy with carpet and hard surface products available in one great program. We have an expansive range of styles, aesthetics, price points, and colors with something just right for every installation.

A wide range of our most popular styles and colors are covered under the Xpress Program. For more information, contact your Mannington Commercial representative or call 800-241-2262.

Better Design, Easier To Maintain Carpet

Dirt and foot traffic are inevitable. Antron® type 6,6 nylon carpet fiber, designed with a four-hole hollow filament, delivers unbeatable overall performance, stain resistance, and texture retention. Antron® fiber also features DuraTech® soil resistance treatment to make cleaning easier and to protect your carpet for over one million foot traffics.

Fiber Matters

Antron® type 6,6 nylon allows soil to be released more readily during vacuuming.

Type 6 nylon's trilobal shape holds soil in the fiber where vacuuming cannot release it.

Fiber Shape Antron®'s innovative hollow filament fiber shape enhances soil hiding capabilities. The smaller surface area minimizes soil accumulation and can make cleaning easier. Carpets with Antron® nylon can have 65% better soil resistance. ⁽¹⁾

Appearance Retention Carpets with Antron® nylon can have 2x better texture retention than carpets of the leading competitive nylon. Carpets of Antron® Lumena™ nylon can have up to 10x better stain resistance. ⁽²⁾

Quality Assurance All carpets with Antron® nylon are subjected to a rigorous certification screening process and warranted by INVISTA for static resistance and against fiber loss due to abrasive wear.

Type 6,6 Nylon Polymer Type 6,6 nylon has a tighter, denser molecular structure than type 6 nylon. Carpet of Antron® nylon last up to 75% longer, and a longer product life can play a significant role in reducing environmental impact. ⁽³⁾

1. Carpets of Antron® nylon can have 2x better texture retention than carpets of the leading competitive nylon.
2. Carpets of Antron® Lumena™ nylon can have up to 10x better stain resistance than carpets of the leading competitive solution dyed nylon.
3. Carpets of Antron® nylon last up to 75% longer than the majority of competitive nylon carpets. All test results and claims made are based upon a representative sample of carpets manufactured or sold in North America. Results for carpets manufactured and sold in your region may vary.

ECONYL® Regenerated Nylon:
No waste. No new resources.
Just endless possibilities.

Made from waste, ECONYL® is infinitely recyclable and can unleash endless possibilities. It's all part of the ECONYL® brand vision to make the world a better place by pioneering closed loop regeneration processes and delivering sustainable products.

ECONYL® reduces the amount of global waste by collecting both pre and post-consumer waste, including spent carpet,

fishing nets, fabrics and industrial plastic components, while regenerating this waste into new nylon with the same quality as virgin products. For every 10,000 tons of ECONYL® raw material, we are able to save 70,000 barrels of crude oil and avoid 57,000 tons of CO2 emissions. Best of all, ECONYL® is engineered to be entirely regenerated again, and again pushing ever closer to Aquafil's ultimate goal of a fiber made from 100% post-consumer waste, while maintaining ultimate standards in performance and quality.

State-of-the-Art Extrusion Operation

Reclamation Process

Reclaimed Fishing Nets

Quantum Guard Pro provides exceptional results in the key performance areas of cleanability, stain protection and wear resistance, keeping your sheet flooring looking better, longer.

Easy to Clean

Combined with the sheet's subtle texture, Quantum Guard Pro is engineered for ease of cleaning. No polish needed.

Advanced Resistance to Stains

New urethane chemistry gives better protection from stains, even from difficult staining agents.

Advanced Resistance to Abrasion

New configuration of tough aluminum oxide particles provides continuous resistance to abrasion.

One of the highest-performing enhanced urethanes in the industry.

The Quantum Guard Pro Advantage

Quantum Guard Pro is specifically engineered to protect your flooring investment while saving you time and money on maintenance costs. The result? An easy-care floor with long-lasting beauty that will enhance your space for years to come.

Cleanability

Quantum Guard Pro Soiled

Quantum Guard Pro After Cleaning
Results after 10 passes with a wet microfiber mop on soiled floor.

Stain and Abrasion Resistance

Quantum Guard Pro

Leading Competitor

Results after 1,000 passes with a sanding block, staining with a blue Sharpie and cleaning with an alcohol wipe.

Mohs Hardness Scale

When it comes to hard surface flooring, we believe that low maintenance should only be a starting point. We've taken it one step further with Quantum Guard HP, an industry-leading commercial wear layer with ten years of proven performance in the field. This patented wear layer has a urethane aluminum oxide topcoat cured by an ultraviolet process, providing superior appearance retention, easy cleaning, durability and slip resistance.

No Polish

Quantum Guard HP is engineered for ease of cleaning. No polish is needed.

Less Expensive Cost of Ownership

Significant reduction in overall lifecycle cost greatly lowers the total cost of ownership.

Success is in Our Science

Introducing an advancement in our proven Quantum Guard technology: Quantum Guard Elite. This patent pending technology provides the ultimate solution for all aspects of LVT performance.

- Highest scratch resistance in the industry
- Engineered for best-in-class dimensional stability
- Superior impact resistance
- Cuts cleanly for highest quality installation
- Easy no-polish maintenance significantly reduces overall life cycle cost and total cost of ownership
- Advanced stain resistance
- Advanced stain resistance

Outperforms in Scratch Resistance

Quantum Guard Elite

Leading Competitor

With a patent-pending two-part wear layer and aluminum oxide infused top coat, Quantum Guard Elite offers superior scratch resistance vs. the leading competitor.

Complete Multi-Layered Protection

Quantum Guard Elite combines a hard wear layer and a flexible wear layer for superior durability with the added protection of our proprietary aluminum oxide technology.

Best-in-Class Dimensional Stability

Quantum Guard Elite

Leading Competitor

LVT with Quantum Guard Elite is fully engineered to offer the perfect balance of hardness and flexibility, which helps prevent product failures in commercial environments. Products exposed to 80°C for six hours.

Warranted to Work

Products with Quantum Guard Elite feature our Limited Quantum Guard Elite Wear Warranty and Limited Commercial Warranty.

Arrives Ready to Be Installed

The first LVT with pre-applied adhesive. When you receive QuickStix LVT from Mannington Commercial, it is ready to be installed, sticks and sets immediately, and lets you go back and forth on the floor without any wait time.

QuickStix water-based adhesive technology does away with the need for adhesive pails, trowels and hours of labor. Simply prime, peel, position and roll. QuickStix also has incredible moisture resistance properties, making it ideal for renovation applications in healthcare, education, retail and segments where downtime has significant cost implications.

Our Moisture Mitigation System Minimum of \$4 per sq. ft. Savings vs. Traditional Glue Down

No Wait Time for Glue to Set

High Performance and Low VOC

Works with Extreme Subfloor Moisture (up to 99% RH, 12 pH and 18 lbs MVER)

Mannington Warranty

Single source warranty for product and adhesive. Adhesive warranty matches product warranty. Warranties will vary by product type.
